MORATORIUM ON NEW HEARINGS FOR THE VARIANCES FOR CELLULAR TOWERS TO BE LOCATED WITHIN RESIDENTIALLY ZONED DISTRICTS IN UNINCORPORATED COOK COUNTY (PROPOSED RESOLUTION).

Submitting a Proposed Resolution sponsored by Herbert T. Schumann and William R. Moran, County Commissioners.

The following is a synopsis of the Proposed Resolution:

PROPOSED RESOLUTION

Whereas, the regulation and zoning control of Cellular Radio Facilities, commonly referred to as Cellular Towers, in the unincorporated areas of Cook County was adopted in 1995; and

Whereas, the Ordinance allows for permits to be issued for Cellular Towers in residentially zoned districts where the height of the tower is limited to fifty feet, and, however, where a variance in height to exceed the limit is permissible if granted by the Cook County Zoning Board of Appeals; and

Whereas, the variances as to the height of these towers are not limited by the Ordinance; and

Whereas, one result of the granting of the height variances has been an increase in the number of applications for the location of Cellular Towers within residential districts throughout unincorporated Cook County; and

Whereas, residents throughout unincorporated Cook County have made various attempts to oppose the towers in their residential neighborhoods on the basis of the inappropriateness and incompatibility as commercial structures placed within residential areas, among other considerations; and

Whereas, the Zoning Board of Appeals has been placed in the untenable position of having to adjudicate these variances by having to weigh between the business purposes of the telecommunications industry and the peaceful well being of residential neighborhoods; and

Whereas, the ongoing issuance of building permits and/or zoning relief under the existing ordinance undermines the ability of Cook County to effectively regulate the proliferation of Cellular Towers within residentially zoned districts throughout the unincorporated areas of Cook County.

Now, therefore be it resolved as follows:

From the date of the adoption of this Resolution and until a complete review of the pertinent Article(s) and Section(s) of Building and Zoning Ordinances of Cook County has been completed, there shall be a moratorium on new hearings for the variances for Cellular Towers to be located within residentially zoned districts at the Cook County Zoning Board of Appeals.

The Commissioner of Building and Zoning shall take appropriate measures to inform the Zoning Administrator and the Zoning Board of Appeals of this moratorium.

If, upon the expiration of six months from the date of adoption of this moratorium, the review of the pertinent Articles and Sections of the Cook County Zoning Ordinance has not been concluded, the moratorium hereby imposed shall be reviewed and the County Board shall determine whether basis exists to extend the moratorium for a further period of time.

**\*The above item was Deferred on 1-20-1999 and 1-29-1999 As Amended for further review and recommendation from the State's Attorney's Office.**

237897 LEGISLATION REGARDING ANNEXATION AND THE FUTURE USE OF LAND  
LOCATED WITHIN COOK COUNTY (PROPOSED RESOLUTION).

Submitting a Proposed Resolution sponsored by William R. Moran, Cook County Commissioner:

WHEREAS, according to Illinois Statute (65 ILCS 5/7-1-47), when a municipality annexes an area of land the territory is automatically zoned as the highest restrictive zoning classification providing principally for residential use under the municipality's zoning ordinance; and

WHEREAS, this land can be rezoned when it is annexed by the municipality and is automatically changed if the municipality's zoning ordinance does not match the County's current zoning classification for the property; and

WHEREAS, the current process of zoning does not consider the best use of the land within the County as set by the County zoning classification; and

WHEREAS, the County puts forth a great deal of effort in order to set the zoning classifications for county land, however once this land is annexed by a municipality the County's zoning ordinance and classification is ignored; and

WHEREAS, the County zoning classification should be respected and considered by the annexing municipality in deciding the possible use of the land; and WHEREAS, at the very least notification should be provided to a County when a portion of that County's land is being annexed, and

NOW, THEREFORE BE IT RESOLVED, that the Cook County Board of Commissioners urges the Illinois General Assembly to review the current legislation regarding annexation and the future use of land located within Cook County taking special care to include the issues mentioned in this Resolution.

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be sent to The Honorable George H. Ryan, Governor and the honorable Members of the Illinois General Assembly.
